

Borrowing eBooks from the cloudLibrary on Your Apple or Android Device

To Get Started:

1. You'll need your Android or Apple device.
2. WiFi or data access (WiFi recommended).
3. You'll need your library card number and password/pin.

To Check Out an eBook:

1. Go to the app store on your Android or Apple device.
2. Search for **cloudLibrary** app. Download and install.
3. Once the app has been downloaded, click on the icon to open it.
4. Select these options:
 - State: **NJ**
 - Library: **Phillipsburg Free Public Library**
 - Enter your library card number and pin/password.
 - Read through the End User License Agreement and **Agree**. If you do not accept these terms, you will not be able to use the cloudLibrary.
 - Click **Login**.
5. Once you are inside the app, you can search for ebooks in the Shelves tab, by Categories, or you can search for a title. The Shelves tab only contains featured titles, not all titles.
6. You can look through the shelves by swiping your finger to the left or right.
7. Download an ebook by clicking on it. Then click **Borrow**.

Using Your eBook:

1. Click on the **MyBooks** tab. Click on the one you want to read.
2. Wait for the book to finish downloading. Then it will open.
3. You can swipe your finger left and right to navigate through your ebook. If you press and hold your finger on the page, you will have other options:
 - **AA** lets you change the size of the text.
 - The bookmark icon lets you save your place in the book
 - The stacked lines provide other options: changing margins, view mode, rotation, etc.
 - The scrollbar on the bottom lets you navigate faster through the book.

To Place a Hold:

1. Sometimes the ebook you want is unavailable. (Each ebook checks out one at a time, the same as a traditional library book.) If that happens, just click the **Place Hold** button. You can click this button again to remove the hold.
2. To see your holds, go to **MyBooks** and look at your **Hold List**. You will get an estimate of when the book will become available.

To Return an eBook:

1. Go to **MyBooks** and then click on the ebook that you wish to return.
2. Tap the red RETURN button.
3. Tap YES if you are sure you want to return it.
4. If you wish, you can rate the ebook by tapping the stars.
